Ammunition Company
3rd MRB
3rd FSSG
Okinawa, Japan

Mission

Provide general support, Class V supply support to the Marine Expeditionary Force (MEF)

Directed Tasks

-Provide receipt, storage, issue, and accounting functions for Class V items

-Provide minor rework of unserviceable ammunition and repackaging support for the MEF

Implied Task

-Train, equip, and prepare the Marines of Ammunition Company to be able to support the 3rd Materiel Readiness Battalion's mission. That mission is to provide integrated intermediate supply and maintenance support to III Marine Expeditionary Force including isolated components in garrison and when deployed

CLASS V (W) SUPPORT FOR III MEF

- Located at Henoko Ammunition Supply Point (ASP) on Camp Schwab.
- T/O 118 Marines.
- Goal is to have 1.5 year's training allowances O/H at all times.
- Special garrison missions & capabilities:
  - Limited Class V(W) Packaging capability to build air/sea shipments ISO III MEF.
  - Limited Containerization capability. Container build/storage area sited for 100,000 lbs (18)1.1.
  - Maintain ACM munitions packages (most items are at Chibana).

AMMUNITION COMPANY IN GARRISON

- 3500 +/- Short tons in ASP ($110 Million / 270 line items)
- Training and AWR assets, ACM pkgs on hand.
- Potential of 2500 tons of additional AWR Class V(W) (30 DOA for 3d Div + Arty Regt) to be stored here (follows ACM and MPS in OPLANs).
- Resupply: 3-6 times annually, by ship through Tengan Pier or by air via Kadena Air Base.
- Garrison Equipment Poll (Non-deployable):
  - 1 5-Ton, 2 HMMWV and 1 Admin, vehicle.
  - MHE is provided and maintained by MCBJ Motor Transport section, currently have 5 DS 4000 FL.

AMMUNITION COMPANY RECURRING EVENTS

- TURBO CADS: Joint containerization exercise, lets III MEF send out/receive Class V (A,W) w/ JCS funds. Received 610 S/T from MSC ship Maresk Alaska, June 2001. Planning for June 2004 TURBO CADS in theater.
- Upcoming Inspections:
  - DoD Explosive Safety Board (biannual) Mar 04
  - Naval Ordnance Center ESI (biannual) Apr 04
- Numerous CSSD's throughout the year, Cobra Gold, KITP, Freedom Banner, 3 Arty Relocation Shoots, Etc.

AMMUNITION COMPANY CURRENT INITIATIVES

- Computer Based Training to teach inbound 2311's the Motor Vehicle/Railcar Inspectors course.
  - Courses meet USN and DoD requirements.
  - will reduce FSSG TAD budget.
- Update of Explosive Site Plan based on new DoD regs.
- Validation of Ammunition Company's role in support of OPLANs

CLASS V (W) CONTINGENCY SUPPORT

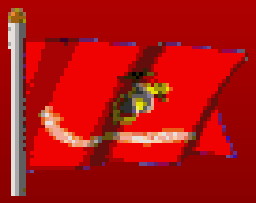
- Complete ACM packages (5 DOA for a Div) on hand on Okinawa.
- Most items located at Chibana (Kadena): 420 S/T located in 3 EC Igloos and 1 AG warehouse.
  - items located at Henoko ASP.

ASP OPERATIONAL STATS

- 44 Total Magazines, 2 AG warehouse, 1 EC multicube with 28 independent cubes .
- 279 Total Acres.
- 3.5 Miles of paved roadway.
- 5 Miles of fence line.

Magazine Capacities

- 84,000 sqft of storage space.
- 8.9 million lbs of explosives.



SECURITY

- Japanese Security Guards (JSG's) located through out the Ammo Supply Point.
- Currently have three fixed posts in ASP two of which are manned 24 hrs.
- 9 Magazines have IDS.
- ASP is using Pass and ID system.
- JSG's are augmented with Camp Guard and PMO for react purposes.
- During times of emergency (typhoon) Ammunition Company augments the Camp Guard with personnel.

Ammunition Company's Oplan Role

- **People: 100 % deploys (4th FSSG falls in on RBE and assumes our mission for OPLAN)**
- **Mission: 1 GS Plt, 2DS Plt ****
- **Concept: DOA held is based on supported unit cmdrs reqmts**
  - **GS holds all MPS ammo and resupply (est. 10 DOA)**
  - **DS provides ammo to forward ASPs**
  - **(est. 5 DOAx 2)**
  - **FASP provides ammo to Mobile CSSDS (2-3 DOA) (Qty 3-5)**
  - **MCSSDs support Warfighter (2DOA)**
